Pewabic tiles are nominally sized. This dimension includes a 1/4" grout line on two sides. A 3x3 nominal size is actually 2 3/4" x 2 3/4" finish size.

Pewabic typically uses a 1/4" grout line. The minimum size grout line recommended is no less than 1/8".

Special cuts, miter cuts and edge glazing are available at \$ 2.50 per application per piece. (these options are not available for Stratton tile but the same colors are available in Custom tile).

Additional shapes and custom shapes are available. Please contact the design department for info Design Department 313-626-2030
